11 ART EVENTS TO ATTEND IN NEW YORK CITY THIS WEEK

Opening: “James Hoff: Skywiper” at Callicoon Fine Arts

Just going to let the press release speak for this one. It’s exciting and terrifying: “‘Viruses, like art, need a host. Preferably a popular one,’ says artist James Hoff, whose exhibition at Callicoon Fine Arts will be on view from November 2nd to December 21st, 2014. The artworks in the exhibition are the result of infection by computer virus that finds its host in the space of painting and of the gallery.”
Callicoon Fine Arts, 49 Delancey Street, New York, 6–8 p.m.
